## Time Out! Around The World — Mail Order

How many times have you wished you could take a nice, long trip around the world? First come the cash of Venezuela, a stroll through the calm fields of Holland, and see the pyramids in Paris?

All of us have read and heard about such of old Italy, beautiful Swiss Alps and the snowy London fairs. But many of us must admit we're unable to do more than dream. This very thought caused a successful importer in Seattle who has been traveling around the world most of his life. He talks about such remote places as London, Barcelona, Montreal, Tokyo and Cairo as though he were a native of each. And his friends always listen to him with interest. "I wish I could go now," he says.

So Sydney Ansell, the world traveler, editor and columnist, said to himself: "Let's bring a little of the old world and its traditions and romance to those who can't see it first hand."

He organized what he calls the "International Gift of the Month" Club. Members don't get to Europe. Europe comes to them.

His club anyone can afford to join. For only 25 dollars, you can take what Ansell calls a "yearning tour via International Parcel Post."

Recently, there are 40,000-member in the International Gift of the Month Club. And Ansell has thousands of letters from members who say his unique tour satisfies their wish to travel through time and space. They see the world through Ansell's eyes. Each month, members receive a gift from a different foreign country. And with it a little descriptive card with interesting facts, history and phrases from the native tongue.

Each time they all the traveling of course. He goes to the market places and bazaar all over the world looking for gifts. He avoids the standard tourist traps and looks for gifts that represent the tradition, culture and artistry of each country.

Each month, his members with home receive a gift in the mail from America or China or some other European city. In the last six months, club members have received a chocolate heater valve from Italy, silver coffee spoons from Belgium.

## Sunderland W.I. Enjoys Trip To Mudhurst Park

Sunderland (OPP) — The local W.I. sponsored a motor trip to Mudhurst Park last week. This was made by some 26 members and their families of the local branch by chartered bus.

The trip was described by Mrs. William Bagshaw, its member of the Sunderland Institute, as a very enjoyable and interesting one. The destination, and scene of the picnic Mudhurst Park is some seven miles North West of Barrie and features beautiful landscaping consisting of

many shade trees and landscaped ponds, graced with beautiful varieties of roses and many water fowl. Ponds with all their pond fowl, thrived picturesque display and pretty little dam make this park one spot which is ever remembered as most interesting as well as beautiful.

Mr. James Bagshaw, "The government plantation of seedlings gives one a most impressive view of what is being done in the field of re-forestation. As there it was a most delightful place in which to eat lunch and satisfy those areas which were much enjoyed on this spot far from an abundance."

On the homeward journey a visit to the historical museum in Barrie which is owned by the Barrie Branch of the W.I. proved most interesting and educational. Relics of bygone days—pertaining to pleasure and work were presented. The large whorled bicycle of the long past, displayed a picture of motorization of some 100 years ago.

The supper hour was another delightful impression given in Centre Park on the homeward journey. "A grand place to furnish society for one's picnic appetites" related this veteran W.I. president.

These annual W.I. picnics are one of the most important of all our summer projects" stated Mrs. G. G. Bagshaw.

Included among those who took in this trip were: Mrs. M. J. Perin, Mrs. George Agnew, Mr. A. A. Fountain, Mrs. Alma Harvey, Mrs. William Doble, Mrs. Harold Blair, Mrs. McLaughlin, Mrs. Bob Charter and Miss Charter, Mrs. Ray Brubaker, Mr. and Mrs. Ward, Mrs. Mary Baker, Mrs. Gaudin, Mrs. Margaret, Mrs. Lee Kiffin, Mrs. William T. ## Mrs. H. Mellow Addresses Manilla W.M.S.

Manilla (PNS) The August meeting of the W.M.S. group of Manilla United Church was held a week later than usual at the home of Mrs. Joseph Clarke, due to the fact that the guest speaker, Mrs. H. Mellow of Ottawa, daughter of the hostess would not be available here. There were 14 members and visitors present and Mrs. Whitelake, president was in charge of the meeting.

The worship service from the July Missionary Meeting "Worship Together" was taken by Mrs. Bester, singing with a hymn, followed by the singing lesson, and the prayer was led by Mrs. Bester.

The guest speaker, Mrs. H. Mellow of Ottawa, chose as her subject "stealability" stressing the point that "there is a stealability of time for service as well as the giving of money. Her talk was based on the fourth program of the W.M.S. as it (1) Study—compile our own program; (2) know about the missionary workers in the various fields; (3) study the needs of every denomination; (4) pray—prayer should be a vital part, a guiding force in the daily program of every missionary-minded person. Especially for those members who were known personally; (5) Give—prayer should be the incentive to give; (6) Give—first the Kingdom of God should be the rule; (7) Give—Of our time as liberally as possible to further the missionary efforts." Mrs. Mellow closed her address with some words on stewardship and her closing thought was "We must see the need and then act on the generous impulses aroused." Mrs. Mellow also read a letter received from a young Japanese Christian girl at New School, thanking Mrs. Mellow for a parcel sent by her Sunday School Class at North, minister Church, Ottawa. The parcel had been sent last Christmas was by the girl of her class and contained pencils, notebooks etc. and the Japanese girl had in two shares it with some Korean girls when they felt that greater service to missionary spirit. Mrs. Whitelake thanked Mrs. Mellow and spoke briefly on the work of the Provincial Stewardship committee.

On the absence of the secretary, Mrs. O. Lawton, the minutes of the previous meeting were read by Mrs. W. J. Beattie and approved. A letter of thanks for a condolence card from Mrs. E. Leaton was also read.

## Picnic Meeting Is Held By Manilla W. L.

Manilla (PNS)—The spacious tree-shaded lawn at the home of Mrs. N. F. Baber was a lovely setting for the annual picnic meeting of Manilla W. L. with an attendance of 25 ladies and 1 gentleman including a number of visitors.

The meeting was in charge of the president, Mrs. Harvey Wilson and the Institute One was sung followed by the Lord's Prayer repeated in union.

The minutes of the previous meeting were read by the secretary, Mrs. M. Philip and approved. The roll call was answered by "The oldest place I was ever at" and brought forth many delightful recollections of lovely spots visited and picnics of childhood days.

The program was in charge of Mrs. Ruthy Cameron, the chairman for community activities and public relations who gave an excellent paper on the importance of community activities, such as the church groups W.L. and similar organizations, who each have their part to play in well-rounded community life. Favorable press notices played an important part in fostering good public relations.

Mrs. Cameron then conducted a number of interesting and entertaining contests, the first being a spelling match in which the words in the month were spelled by rotation and which created a great deal of fun; a recreation contest consisted of making up a program supposedly sent while on vacation using the letters in the word "recreation" as the beginning of each word; a memory contest and I go shopping with articles suitable to the article bought were quite hilarious. "What little girls are made of" provided a lesson in etymology, and was won by Mrs. Robert and Mrs. E. E. Johnson. A symposium contest concluded the program won by Mrs. Beattie and Mrs. J. N. Macdonald.

Pictures of the group were taken by Mrs. Cameron and Mrs. Leaton. Refreshments were served and a social time followed until the guests were driven home by a sudden thunderstorm.

It was decided during the business part of the meeting to have a meeting in August in the Community Hall, the program to be decided later.

# A Charming Photo-Story of Princess Elizabeth, the Duke of Edinburgh and Their Children

All set, and momentarily quiet, Princess Elizabeth holds Princess Anne as the Duke of Edinburgh poses with Prince Charles.

Little Princess Anne waves brightly to the photographer as her brother sits with dignified restraint at his father's feet.

Princess Elizabeth tries to quieten her daughter. But Anne, attracted by something in the garden, begins to pull away.

By special permission, Leslie Jacques, of The Standard and The Star, took this delightful series of informal photographs July 20 in the garden at Clarence House, London residence of the Princess and the Duke. It will be plainly seen that, like all children, Prince Charles and Princess Anne are lively and amusing.

She gets her way and decides to investigate the edge of the blanket while brother Charles debates whether to join her.

His decision made, Charles follows the flight of a toy boat as his little sister glances gleefully at a flower picked from the lawn's edge.

All's well as father amuses himself while his success in finally convincing the children to pose quietly.

## Calgary Plans Junior Stampede For Royal Visit

The Stampede may be at its ever best. It is hard at work trying to show off to Princess Elizabeth and the Duke of Edinburgh.

Calgary City Council is setting aside some 10,000 pounds for the event. It will include all the traditional rodeo and chuckwagon races as well as Indian dances.

On the west coast, there's still speculation regarding the royal party's planned holiday. Government spokesmen say they'll likely stay at Government House in Victoria.

But they say there's still a possibility they might split off into the country to enjoy some quiet time before the tour.

For their east coast holiday it seems likely the princess and her husband will choose a Laurier holiday in the Atlantic provinces and haven't yet been made.

To make sure everything goes as planned, the royal couple have been asked to make a tour of the Atlantic provinces and haven't yet been made.

## Imperial Tobacco Says No Cigarette Shortage

Twenty nine hundred workers are on strike against the country's largest manufacturers of cigarettes and tobacco — Imperial Tobacco Limited of Montreal.

Three of the company four plants are affected. They are in main plant in Montreal and its subsidiary — The General Cigar Company, Limited, also in Montreal and the Quebec Tobacco Company at Hamilton.

Company officials say no normal stockpile in hand and there should be no immediate shortage of cigarettes.

Union officials say they are holding up action on a possible strike of the company's fourth plant at Gravelly, Quebec. Action of that plant is being held, until officially, say, as late as the hole against the company.

In dispute are demands for wages and working conditions. The A-F-T-L Local 234 of the Tobacco Workers International Union represents the workers at the plant.

## Last Of The Mustangers Bows To "Gas Buggy"

Channah, B.C. (U.P.) — The last of the mustangers is dead. Another colorful but half-demented chapter of the Old West closed forever one night recently when Moose McElroy disappeared from his horse and stepping out onto the highway near here. Blinded by headlights, he was struck down and killed by one of the "big boggies" that are now common.

The mustangers were "outlaws" and were the "bad boys" of the area. They broke the horses that built the big industry and then moved on, away from fences and railroads.

All they cared to know was about horses and their understanding of horseflesh was uncanny. There are those who swear Moose McElroy understood "horse language." Moose himself admitted only to being able to "talk like a horse but a bawp faster."

He was born at Summers' Place in the upper Kootenay Valley June 1, 1880. His parents are listed simply as "John and Catherine Summers" were considered an uneducated trill among the Kootenay trills.

At the age of five he became a trill. The St. Mary's Indian band completed his formal education at the St. Eugene mission school near here at the age of 10. After that he made his living on horseback until his death.

As a boy of 12 he packed freight

with a string of his own horses between Ferns Ferry, Idaho, and St. Cloud, B.C.

When railroaded out him out of business he lived by salting and branding horses. The Branding range south of St. Shale became his headquarters. But his horse was on the range and in the mountains from Montreal to the Yukon.

Tales of McElroy's exploits as a young man are out on the same scale as the legends of Pecos Bill. Moose is reputed to have literally ridden a horse into the ground and a lone outlaw he was mounted on a outlaw mustang in a manly curlew manner and stayed in the saddle until the horse tore up to its neck.

Old-timers say Moose could go into a corral on a dark night, pick out ropes the horse he wanted by his flashing eyes.

During the annual Kootenay winter range closure two years ago he was called in to help the other hands corral one of the wild horses that refused to go up. During the range closure these horses are corralled, almost at riding the untrained grunts of wild mustangers.

A big grey stallion, "right-year-old and never a rope on him," had stomped the "ropers". After riding his little black mare into the grey stallion's stamping

## Cameron WA And WMS Holding Meeting

Channah (P.W.) The Women's Association and Women's Missionary Society, met at the home of Mrs. Cameron, The W.M.S. held their meeting first, and Mrs. H. Martin presided, in the absence of Mrs. Anderson.

Mrs. O. Byrne, Secretary, was in the chair. A hymn and prayer by Mrs. G. Ryne, opening the meeting after the roll call. The first book was reported ordered and a study book. Mrs. O. Byrne gave a reading "Why I believe in God."

The W. A. then held a meeting. Mrs. R. Goodland, of Preston, and Mrs. Cameron, Secretary, The meeting opened by the reading of the last minutes and call to prayer. Arrangements were made for the wedding which the W. A. are celebrating. A quilt to be in held in the basement of the Church, a Bazaar and afternoon tea. These are all to take place in the next month.

Mrs. Roy Wosley took the devotion, assisted by Mrs. A. Perain and Mrs. W. Harris. A hymn and prayer closed the meeting after which Miss Cameron and her assistants served a dainty lunch, and a social hour was spent.

When the big grey headed for the bath, there was Moose waiting for him. After being told the stallion decided to "ride out," hoping some of the crowd of the footling whites he was accustomed to look down his nose at pursuers. But the top of each ridge he climbed, there was Moose and the black mare.

After three days of the big grey stallion dragged into the corral, he had hanged.

Moose had a big funeral at the St. Eugene Mission where he got his "rock burial." Evidently the Indians came from scattered reservations throughout eastern British Columbia, many of them on horseback. Moose had caught and tamed.

Old-timers at the funeral said it was just as well that he died before the last of the wild horses disappeared for ever. The band of mustangs still roaming free on the Kootenay range are expected to last through one, perhaps two more winter drives.

Moose knew how to catch a wild horse, but after he'd caught it he waited it out. "Some day," he used to say sadly, "they're going to have to find something else to use for dogfood."

After three days of the big grey stallion dragged into the corral, he had hanged.

# American League Teams Tacking Training Here

It has been announced here today that Eddie Shore and his Springfield and Syracuse hockey teams are scheduled to commence training at Lindsay on September 11. This is the first time that major league teams have been in training on Lindsay's artificial ice.

The decision to train at Lindsay climaxes several months of negotiations between Eddie Shore and his Springfield and Syracuse hockey teams. Mitchell, backed by the arena owners, the Lindsay Hockey Association, the Lindsay Hockey Commission, and the Lindsay Hockey League, agreed to the training camp here. It is disclosed, for the first time, that Eddie Shore and his two American Hockey League teams have been in training at Lindsay since Sept. 11 and Oct. 21, with a possible extension to Oct. 25.

According to those close to the negotiations, the team is larger than anticipated due to the fact that Shore recently purchased an American Hockey League franchise for Syracuse and he will have this second team to form and round out.

Shore's enthusiasm says the "pressmen" to be the biggest boost that hockey and particular the "pressmen" could hope for. It is disclosed that with the establishment of his training centers here, he will conduct a possible two-day hockey school for players of Lindsay and surrounding territory of all ages from peewee to senior citizens. Arrangements are also being made to have the training camp to be supervised by Director Mitchell and the Recreation Commission to use to operate hockey schools at strategic points throughout the local control recreation plan for the season when ice is available in other municipalities. The district managers are expected to be similar to the one conducted by Eddie Shore and Dr. Mitchell at Lindsay and Hamilton last year. It is believed by promoters of the idea that the hockey school this year will be more effective as Shore will have the aid of his own players, his assistants and demonstrators to the younger ice players.
